

DEWEY EXPLAINS BI-PARTISAN IDEA

Says Policy So-Called Has
Only Applied In U. N.
Negotiations

ALBANY, N. Y., July 2—Governor Thomas E. Dewey declared today a United States bipartisan foreign policy he "founded" in 1944 has applied in the main, only to United Nations' affairs.

At a press conference, the Republican presidential nominee said:

"The bipartisan policy has not applied in the other fields of foreign affairs in most of which there has been no consultation by the administration with the Republican leadership."

He listed "the other fields of foreign affairs" in which he said there had been no consultation with the Republican leadership as the "Greek-Turkish policy, which was handed to the American people without consultation, the Postdam conference and the entire China policy or lack of one."

"I have been discussing the facts and will draw conclusions when the campaign gets under way."

Dewey's statement followed a conference in the executive mansion last night with his foreign affairs adviser, John Foster Dulles.

He said Dulles, a United States delegate to the U.N. General Assembly, had been asked to serve again as a delegate to the assembly meeting in Paris next fall. Dewey said he believed Dulles should accept.

He described his conference with Dulles as "one of a series of important meetings" with Republican leaders on national and international affairs prior to the campaign.

Dewey disclosed he had talked with Sen. Arthur Vandenberg (R-M.), Sen. Robert A. Taft (R-Ohio), House Speaker Joseph Martin, Jr. (R-Mass.) and Rep. Charles Halleck (R-Ind.) since his nomination.

DELAY CONTRACTS WITH RAILROADS

WASHINGTON, July 2—Army Secretary Kenneth Royall said to-day he is putting off making a government contract with three railroad unions as long as there is hope of a settlement between the unions and railroad management.

Royall told Justice T. Alan Goldsborough he has preferred to await efforts by Presidential Assistant John R. Steelman to bring about a settlement of the dispute between the railroads and the unions.

The government has been operating the railroads under a seizure order issued by President Truman May 10. At the same time Goldsborough issued a temporary ban against a strike by the unions. The unions had planned a walkout May 11.

Goldsborough's hearing today was on a Justice department request to make permanent his injunction against a strike.

Royal technically is operating the railroads for the government. He said that under the terms of Mr. Truman's seizure order he can either negotiate a contract with the unions or simply impose changes in working conditions.

The Army secretary said he has preferred to allow time for the White House efforts to settle the dispute. The unions rejected a 15¢ cents an hour pay increase and differed with rail management concerning proposed changes in working rules.

So far Steelman's settlement efforts have been unsuccessful, but Royall said he sees no reason to step in now.

Protect Children From Traffic, Is Appeal By State

Tips to prevent traffic fatalities and injuries to children during the summer vacation were offered to parents today by Earl L. Reeb, director of the Ohio Department of Highways, in furtherance of Governor Thomas J. Herbert's state-wide program of traffic safety.

The tips are:

Caution children against running, playing, scooter-riding or roller skating in roadways.

If your youngster rides a bicycle, impress on him or her the absolute need for the utmost care and common sense in operating such a vehicle.

Warn your children against crossing streets except at corners, and then only when traffic is at a standstill.

Don't permit your children to play within the vicinity of parked vehicles.

Closely watch over and supervise the outdoor play of your children.

Don't permit children to lean out windows of automobiles or other vehicles or to stand near doors of such vehicles.

Take your children to nearby parks, playgrounds and supervised play streets for safe, wholesome recreation.

Take Gloomy View On Teacher Problem

BOWLING GREEN, July 2—The national commission on teacher education and professional standards takes a gloomy view of the elementary teaching situation.

The commission released a survey yesterday to 400 American educators attending the national conference on the education of teachers. Here's the situation as shown by the survey:

The nation's elementary schools will have 500,000 more pupils in September but will be short 150,000 qualified teachers.

"We are just not producing elementary teachers in anything like the numbers we need," said the author of the report, Dean Ray G. Maul of Emporia (Kan.) State Teachers college.

FOUR SENATORS EYE NOMINATION

ICE CREAM HIKE MADE IN CLEVELAND

Former Mates Of Truman,
Who Helped Him, Wonder
About His Choice

WASHINGTON, July 2—Four senators who helped Harry Truman move from the senate to the White House by way of the vice presidency are wondering today whether he will remember them.

The four will go to the Democratic convention in Philadelphia July 12 determined to give another hand to their former lawmaking cronies in his fight to capture the presidential nomination. Then their respective friends will boom them for the No. 2 spot on the ticket.

They are in order of seniority: 1—Alben W. Barkley of Kentucky—who will keynote the convention as he did in 1932 and 1936. He has been listed as a vice presidential possibility so many times that he tells jokes about it.

2—Joseph C. O'Mahoney of Wyoming, who claims wide support among westerners, organized labor and small business. His delegation is instructed to toss his name into the vice presidential contest.

3—Millard E. Tydings of Maryland, who also carries home state support from an unstructured delegation. The Maryland slogan is "T 'N T"—that's Dynamite."

4—Scott W. Lucas of Illinois, who represents one of the many big industrial centers that experts say the Democrats must hold or recapture if they are to win.

All four threw their support behind Mr. Truman at Chicago four years ago after President Roosevelt came up with the Missouri senator's name as his personal choice to share the ticket with him.

While each is slated for attention at Philadelphia in his own right, there appears to be little doubt that of the President's picks the first prize he will have a big say about his running mate.

Farmers Are Urged To Use Lime On Fields

Columbiana county farmers are being urged by the county lime stone committee to follow hay making with the application of lime stone on sod land to be plowed for corn next year.

A 19-year experiment at the Ohio Experiment station at Wooster shows the greatest returns from lime stone when applied in this way. Lime could be delivered now and thus avoid the rush in September. It is easier to apply on the sod, according to J. W. Pendry of Lisbon district conservationist and chairman of the lime stone committee.

Experiments in Ohio over a period of years show that one dollar's worth of lime stone material produces from two to eight dollars in extra crops.

MACKENZIE'S Column

By DEWITT MACKENZIE

AP Foreign Affairs Analyst

The Muscovite hierarchy clearly has made a mighty bad tactical blunder in sticking its Cominform police-dog on Marshal Tito and the Yugoslav Communist captains.

The Cominform has received a kick in the teeth which has done more to convince the western democracies of the Bolshevik dictatorship's vulnerability than any event since the war. Moscow had played the school-yard bully with so little resistance for so long that it had built up a tradition of success. Now on one bad move it has thrown away much of its ill-gained advantage.

The immediate result has been a stiffening of the democratic front.

True, some very cautious quarters in Washington have been speculating that the Yugoslav maneuver might be phony. But figure it could be a ruse to arouse western antagonism and then capitalize on it, or open up Yugoslavia as a channel through which Marshal plan help could pass into the Soviet zone. Be that as it may, if it was intended as a trick, it has failed.

Coincident to, or as the result of, the Moscow-Tito mixup both Britain and America show further signs of getting tough in dealing with the efforts of the Reds to starve the population of western Germany by a food blockade. British Foreign Secretary Bevin charged in the house of commons yesterday that the Russians were resorting to a war of nerves.

"The house is aware," he said, "that all these irritations have gone on for a long time. I think that there has been an attempt to see how long our nerves would last. There is no sign of snapping yet. If the Russians intend ruthless starvation of 2,500,000 people in order to produce chaos, I presume, and revolt, the British government cannot submit to that. I am assured that our American and French allies take a similar view."

And in Washington Secretary of State Marshall said the United States would deal promptly with basic questions raised by the Russian blockade (though he didn't say how). He added:

"We are in Berlin as a result of agreements between the governments of the areas of occupation in Germany and we intend to stay."

Furthermore, the three democracies virtually completed their plans for the formation of a German government out of the American-British-French zones. Russia can pool her zone with the rest of western Germany—or stay out. The western allies have become fed up with waiting on the whims of the Bolsheviks.

Meanwhile the democracies have been analyzing the effects of the revolt by Tito. It recognized there is a possibility that the Russian satellite empire in eastern Europe may be threatened with collapse. The units of that empire have been kept in subjection by police force, and have been consolidated by Moscow's domination.

Yugoslavia continues to stand pat in her defiance of Moscow and hints of willingness to deal with west as well as east. Not only that, but she boldly proposes a Balkan bloc with Bulgaria and Albania. And Bulgaria, which long has been closer to Russia than any other Balkan state, promptly climbed on the fence between Moscow and Ru-

gosavia. That must be hard for the Muscovites to swallow.

To cap the climax the gorgeously uniformed and much be-medaled Marshal Tito is reported by the Belgrade radio to have reappeared in the capital. He was as usual theatrical, for he is said to have the last thing one would have expected him to do in the midst of the Tekkis. And all this while his own life wouldn't be worth a plugged nickel if his political enemies could get within gunshot of him. Tito is a swaggering dictator in his own right—but he has his points, one of which is nerve.

The next move would seem to be up to Moscow.

BOOTS AND HER BUDDIES

Hold Your Ears, Roaring Grand Trapshoot Nearing

BY FRITZ HOWELL
Ohio AP Sports Editor

COLUMBUS, July 2—Get ready to stick some cotton in your ears, if you plan to be in the Miami valley near Dayton anytime between Aug. 20 and Aug. 28.

The greatest gang of scattergun artists in history will be hanging about these days in the Grand American trapshoot. The expected 2000 entries will come from all the states, Canada's provinces, Alaska, the Canal Zone, Cuba and other spots in quest of trepidom's biggest shells will be available.

The quarter-mile trapline at Vandalia has been extended, and where never more than 24 traps were used to toss the targets at previous stands, 36 will be in operation to accommodate the huge list of entries. A year ago the 1748 competitors broke all previous marks, but that record is expected to fall this time.

The 1,500,000 clay targets—which when from the trap houses at about 60 miles an hour—may be stacked up like saucers in a cupboard. And if stacked that way, the “roaring grand” clays would soar 11.8 miles into the air.

If placed side by side, they would stretch in a single line more than 100 miles. And to break them, more than 52 tons of lead pellets will be fired from the 12-gauges of all types, makes and ages.

Each shell is limited to an ounce and one-eighth of shot, generally size 7 or 7 1/2, and the small pellets scatter over a fairly wide path in front of the traps.

About every three years the area is mined, scrapers picking up the top layers of the earth from which the shot is extracted in much the same fashion as a threshing machine separates wheat from the chaff.

Ohio's trapshooters, fresh from their state meet which attracted some 750 entrants, are expected to again dominate the big “roaring grand” and grab off the major portion of the \$50,000 in purses.

Trapshooting is a peculiar sport. The professionals shoot for trophies only—never for cash—while the amateurs get the money purses. That is just opposite the way most sports operate.

The Roaring Grand, too, is probably the only major sports event where an admission for spectators is assessed with the idea of holding down the crowd. A free gate, officials of the Amateur Trapshooting association have decided, would result in so many sightseers that the contestants couldn't get to the trapline in time to fire their rounds.

Tommy has a baseball suit all his own. But without help he can't put it on. When he plays ball, the youngster holds the bat in the crook of his left elbow and braces it with the stump of his right arm.

“He's very independent,” his parents, Mr. and Mrs. Roland Herbert said. “He doesn't want any help while he's eating. He hasn't had an ice cream cone yet, but he has tried suckers. And you should see him clean up a cookie, to the last crumb.”

To Mr. and Mrs. Herbert the court award and the fund mean financial security for the energetic young boy who crawled onto the railroad tracks near their home. A switch engine severed his hands.

—BROOKLYN—(Port Hamilton)—Lee Oma, 188, Detroit, and Ted Lowry, 182, New Haven, Conn., drew 10.

TACOMA, Wash.—Roy Hawkins, 193, Tacoma, knocked out Newsboy Millich, 200, Sacramento, 3.

TRIBE OPENS IN ST. LOUIS WITH HOPES FOR RELIEF

Weak Browns May Be Just The Breeze Needed To Bolster Slim Lead

(By Associated Press)

ST. LOUIS, July 2—The hard-pressed Cleveland Indians believe today that a four-game series with the lowly St. Louis Browns may be what the medicine man ordered to widen the gap between the Tribe and its chief rivals.

Nursing a slim half-game over the Philadelphia Athletics, the Indians named Don Black to hurl in the opener against the Browns tonight. Former Cleveland Southpaw Bill Kennedy will toll for St. Louis against his ex-mates.

The eastern challengers each gained a full game on Cleveland yesterday as the Indians blew a one-run lead in the eighth inning for a 9-5 setback in the finale of a three-game series with the Detroit Tigers.

Hal Newhouse throttled the Indians in a relief role for his 10th win of the season after the Tribe wiped out a 4-0 Detroit lead with five runs in the seventh and eighth frames.

Eddie Robinson's pinch single drove two Cleveland runs across in the seventh and the Tribe moved ahead for the first time, 5-4, in the eighth on singles by Manager Lou Boudreau and Wally Judnich, plus Joe Gordon's 12th homer.

Reliever Sam Zoldak then was lifted after the tying run scored in the bottom half of the inning, and Russ Christopher was hammered for four more runs to complete the route. Bob Muncrief retired in the midst of a baseball barrage in the fifth, but Zoldak was charged with his first loss since joining the Indians.

Ohio's trapshooters, fresh from their state meet which attracted some 750 entrants, are expected to again dominate the big “roaring grand” and grab off the major portion of the \$50,000 in purses.

Tony Martinelli's Bingle With Bags Full Ends Tilt

A long drive by Tony Martinelli with the bases loaded in the last of the seventh gave the Diner their big run Thursday night as they defeated Mullins 4-3 in the top game in the Class A softball league.

The Browns would have gone for a home run ordinarily, but all the Hamburger boys needed was one. His team was able to collect only five bingles from Jim Bone, Sanitary moundsman.

Bob Cameron, paced the Vets' hitting attack with two raps.

In the other game, the Bee added their third victory of the year, in toppling the Saxons 3-0, although held to two hits.

Both safeties were hit by Dempsey Balsley, erstwhile Amvet player.

Bill Pauline was on the hill for the Saxons, while Jack King pitched in the second.

The National defeated the Men About Town 12-8 in Class B Thursday while the Diner swamped the Corc club 13-6.

Johnny Sain, Boston Braves right-hander, has reached the half way mark in his bid to become the first national league pitcher since Mort Cooper to win 20 games three years in a row.

Sain, a native of Belleville, Ark., pitched the league leading Braves to a 4-1 victory over the New York Giants yesterday for his 10th victory. He's the first Senior circuit flier to win 20 this season and now has a 10-5 record.

The soft-spoken 29-year-old hurler has won seven of his last eight starts and appears a cinch to reach the coveted 20.

The Boston ace held the Giants to four singles, yesterday. Two of them helped produce the Giants' lone run in the opening inning.

The Braves tied the count in the second, on Bob Elliott's sixth home run and won it in the seventh when Tommy Holmes belted a three-run double.

The victory enabled the Braves to increase their lead over the runner-up Cardinals to two and a half games. The Cards dropped a 4-3 decision to the Cubs in Chicago.

Andy Pafko drove in all of Chicago's runs, doubling home a marker in the first and blasting a three-run homer in the seventh.

The third place Pittsburgh Pirates knocked off the Reds, 5-2, in Cincinnati and jumped within a half game of St. Louis.

The Philadelphia Phillies pulled within one percentage point of the fourth place Giants by beating the Dodgers, 4-2, in Brooklyn behind Schoolboy Rowe.

Rowe limited the Dodgers, who now have lost five straight games, to eight hits.

In the American league, the Philadelphia Athletics closed in on the league-leading Cleveland Indians by taking a 3-2 night game from the Washington Senators while the Indians were beaten, 9-5 by the Tigers in Detroit. Philadelphia now trails

the A's scored all of their runs in the last of the ninth with Ferries Fain knocking in two with a double and Elmer Valo singling home Fain with the winning run.

Boyle's COLUMN

By HAL BOYLE

NEW YORK—Louis is a 12-year-old boy who lives on borrowed blood but never asked anybody to lend him any courage.

Looking up at a doctor in the Kings County hospital giving him his four-hundredth blood transfusion, Louis said cheerfully:

"I sure get tired of coming to the hospital all the time. But one of these days I'll get over this, and I won't have to come back again."

He does not know the odds against him. He doesn't know that all victims of his strange malady must keep periodically refueling themselves with other people's blood—or die.

At seven months, Louis was stricken with Cooley's anemia, a rare disease which strikes frequently among children of Mediterranean descent. Until recent years, the small victim of this obscure ailment simply weakened progressively until death took them. There was no cure. There is no cure. But it was found they could be kept alive by repeated transfusions.

How long? Louis is one of the children who is living that answer. Since his seventh month the body has existed only by the borrowed vigor tapped from the veins of his father and strangers he has never seen. He began by taking a fifth of a pint at each transfusion. Now

every few weeks he needs four pints. Later he may require even more.

As he lay on bed in the Kings County hospital receiving his 204th pint of blood, Louis joked with the nurses. He didn't look ill. He is a little undersized, but his brown eyes soon he could give the hospital back its peppermint-striped pajamas and go for a trip to the country.

"I used to get the blood from my father," Louis confided. "He'd bring me here and he'd give as much blood as they let him."

"That's right," said Dr. Harvey Gollance, deputy medical superintendent, "his father literally would have to give himself white for the boy."

Now the blood is provided by the American Red Cross, which collects in Brooklyn and other areas for patients such as Louis.

It is always possible that someone will discover a cure," said Dr. Gollance. "Not too long ago we'd have to give Louis up for lost in his infancy. But now we can keep him alive for many years as long as we have the blood to give him. And he can lead a reasonably normal life. But he'll have to keep coming back for transfusions as long as he lives."

The doctor spoke too low for Louis to hear. The boy was impatient to leave.

"I like to work on the farm in the country," he said. "I like to plant things and take care of horses. But when I grow up I'm going to be a baseball player. Like Joe DiMaggio. I play in the outfield myself."

Louis leads a normal life. He is an excellent student and will start Junior High school next fall. He likes soccer, football and baseball. Now

But after four or five weeks his

THE philosophy of this
Prescription Pharmacy may
be summed up in our con-
sidered belief that you are
the most important person
in our world. Your wishes,
your needs, your prescrip-
tion, have our undivided
attention from the moment
you pass that fragment of
mystic prescription over to
our side of the counter.

Here you observe in ac-
tual daily practice a type of

simple, sincere, "interested-
in-YOU" service. It's a service
that is dedicated to your
welfare all the way from
the selection and careful
compounding of prescriptions
to the final price tag.

Yes, admittedly, it is a
selfish service which we
give. For we know that
only by serving you ably
and honorably can we hope

to build for us an enduring
place in this community.

We invite you to test the facilities of this Pharmacy
of "Prescription Specialists" in our present
